PREFACE

With mixed emotions we have reached the end of our high school labyrinth. The frustration and toil now seem trite; the friendships, the joys, the educational experiences, real and vicarious, are vivid in our memories.

As we progress from our high school years to new worlds, let us remember as we pass through the noise and fury of modern living, that there is quiescence in accomplishment. Let us search for truth and knowledge in every corner of life, but let us never sacrifice virtue or dignity for material success. Through the grace of God may we be instilled with the desire to excel, and in the age of the "mass mind", may we alone command our destinies and possess the stamina to be ourselves.

From a common nest we now depart. We may never know our strengths until we have defeated our weaknesses; let us now begin.

ENGLISH

English is perhaps the most important subject we study. Without the proper skills in communication, we may never understand each other, and without understanding there cannot be progress.

Enfield High offers a varied course of study within this department. The English curriculum also

includes Speech, Journalism, and Reading. This year a new course, Reading II, may be elected as a non-credit subject. Under the direction of Mr. Palotta, students perfect their reading skills with new mechanical devices.

SOCIAL STUDIES

Enfield High School is extremely fortunate in having an excellent Social Studies Department. With the help of an experienced, adept staff we are guided through a journey of the past, in order to understand the present, and to predict the future.

This year, "Mighty Mac", our new experimental social studies laboratory, has become a reality. This project, which has received national acclaim, is operated under the direction of Mr. Franklin Gross.

FOREIGN LANGUAGE

The Foreign Language Department of Enfield High, under the direction of Mrs. Hintlian, offers three basic courses: French, Latin, and Spanish. All of these are taught through a combination of classroom instruction and practice in the language laboratory.

This year, Spanish students have been especially fortunate to have Mrs. Becker, a teacher who is originally from Mexico. They also had the advantage of meeting and conversing with four students from Mexico who visited in Enfield for two months.

The foreign language laboratory helps students perfect their conversational skills.

acquired business techniques,

BUSINESS

In the atmosphere of a realistic office, Enfield High students obtain the knowledge and skill that will guide them to a future in the business world. Typing, General Business, Bookkeeping, Stenography, Business Math, Business Machines, Business Principles, and Business Law are some of the sub-

jects from which students may choose. Each course is equipped with specialized training methods designed to prepare students for business careers. This year College Typing is being offered to students with proper academic backgrounds. This course is taken for two terms and is worth one half credit.

MATHEMATICS

In the world of today the field of mathematics is becoming an essential part of our daily life. A freshman may find himself solving algebraic equations, while in his senior year he may undertake a more complicated mathematics course, Analysis, offered

for the first time this year. Through its math courses Enfield High School offers its students an opportunity to increase their knowledge and to better prepare themselves for this expanding world.

Mrs. Johnson and Mr. Bromage combine classes for a better understanding of mathematics.

SCIENCE

The Science Department of Enfield High School keeps pace with the rapidly changing world. Modern laboratory and classroom facilities aid the student in the quest for truth, and help him achieve a sound background in the basics of science. A new course offered this year to advanced seniors is a study of biochemistry. Programs in General Science, Biology, Physics, and Chemistry compose the diversified science curriculum.

Mrs. Tufo demonstrates scientific principles in her Chemistry class.

Mr. Keaney observes the progress of his Biochemistry class.

HOME ECONOMICS

Home Economics is a course which plays an important role in preparing young girls to become efficient homemakers. The skills and techniques of planning meals, food preparation and child care are some of the areas covered in the course. One branch of the Home Economics course, Home and Family, is set aside especially for seniors. Here special emphasis is placed on child development and preparation for marriage. The department is developing a resource library of books and films for individual research into special problems pertaining to Home Economics.

DRIVER EDUCATION

Driver Education, a half-credit course, is one of the most popular offered at Enfield High. It prepares students for their Connecticut driver's license examination, and teaches them driving techniques. Under the direction of Mr. Staszko, these goals are accomplished through a three-phase program consisting of formal class instruction, practice in driver training cars, and on the road driving experience. This year Mr. Ricci, after an absence of several years, has returned to teach in this department.

MUSIC DEPARTMENT. Mr. Leonard DeMaio and Mr. Joseph Giangrosso.

ART

Creating an interest in the cultural aspects of modern life and thus forming more complete individuals is the prime objective of the Art Department. The students work in such diverse areas as oils, sculptures, water colors, pastels, and collages. A new facet of the course, introduced this year, is the study of three dimensional figures which are known as optical designs. The instructors show the students how to effectively apply the fundamentals of art in a most expressive manner.

MUSIC

With the fine guidance of Mr. Leonard DeMaio and Mr. Joseph Giangrosso, students of Enfield High School learn to appreciate the beauty of music. A variety of courses are offered in the vocal and instrumental fields. These studies are geared to challenge the professional as well as the amateur student. An excellent marching band is the pride of Enfield High, and the jazz and concert bands are often called upon to entertain at various school activities. The Music Department is now planning a new percussion ensemble band to add to our varied music curriculum.

Mr. DeMaio directs a band practice.

INDUSTRIAL ARTS DEPARTMENT. *Left to right:* Mr. Robert Filler; Mr. Andrew Meschison; Mr. Clifford Easton, Department Head; and Mr. William Scudieri.

PHYSICAL EDUCATION

Enfield High School is fortunate to have a well equipped gym which provides physical education for all students. A variety of activities are offered during the year. Several additions to the curriculum are handball, tennis, and circuit training. Circuit training uses the "exergenie," a mechanical device which tones the body employing isometric exercise.

This year we welcome Miss Kathleen Blodgett as a new instructor in this department.

INDUSTRIAL ARTS

Our varied curriculum also offers an excellent program in Industrial Arts. Here interested students in the business, vocational, and academic courses are able to perfect their skills and gain valuable, practical experience for future careers. Wood shop, metal shop, and technical drawing are the courses offered. This year, Mr. William Scudieri has joined our professional staff which contributes fine guidance and supervision.

PRESIDENT'S MESSAGE

Anxiously we anticipated the beginning of our high school years. What lay ahead was an unknown mystery which intrigued us all. With great expectations, each followed his own labyrinth, guided by personal goals and the understanding minds of the faculty and administration. Often during our four years we walked a path of conflict, confusion, and doubt. Undaunted by this, we resolved our conflicts, searching the path of truth. Our reward was self satisfaction. With a more mature attitude and knowledge gained, we leave the halls of Enfield High School with confidence.

on the field,

The first game of the season was played in Rockville. Enfield controlled the first period of play but was unable to mount a serious scoring threat. After the first few minutes of the second period Rockville began to take control. Rockville led 2-0 at the half and finished with a score of 4-0. Center Bruce Peterson, was awarded the Most Valuable Player of the Week Award.

The first home game of the season was against Windsor, which won 2-0 in a tight defensive game. The next home game was against Buckley High, which defeated Enfield 5-2. Goal keeper Jeff Fitzgerald, won Most Valuable Player for these two games. Enfield's next competition was Weaver, which defeated Enfield 1-0 in the fourth period of play, when a Weaver player lofted the ball into the net just over a defender's head.

The worst defeat of the season was in the next game against Hartford High, which scored five goals in the first period and three in the last, making the final score 8-1. Outside left Jim Reveruzzi, received the Most Valuable Player Award for these two games.

The only win of the season came in the second game against Windsor, which was played in the

rain on a wet, muddy field. Enfield scored first and almost made the tragic mistake of only trying to protect the lead. Windsor took advantage of this and constantly hammered the ball at the Enfield goal, until it finally shot one in. Enfield awoke and took complete charge of the game, hammering the Windsor goal until a perfect pass set up Bill Munsell's winning score.

The seventh game of the season played against Hartford High opened strongly, with Hartford scoring four goals in the first ten minutes and controlling the entire first half. In the second period, Enfield scored one and Hartford scored their fifth and final goal. In spite of holding Hartford scoreless in the second period, they won, 5-2. Gary Hooper received the Most Valuable Player Award for this week.

The eighth and final game of the season was against Weaver. It scored twice in the first period and once in the second period to beat Enfield, who scored once in the second and once in the third, 3-2. Richard Malley (center full back) received the Most Valuable Player Award for this week for his defensive play.

receiving,

In Enfield's first encounter our first game jitters and mistakes were overcome by a strong desire to win. All scoring came in the first half. John Hayden began by scampering eight yards for the first tally. In the closing minutes of the first half, junior end Joe Bacewicz latched onto a Paul Plath aerial to close the scoring.

Enfield High maintained its record of defeating Palmer before 1,000 fans at Palmer's Legion Field. The Green Raiders struck early as John Hayden returned a punt in fine fashion to the Palmer 46 yard line. Bill Fuller pounded Palmer's defensive line for a 9 yard gain to the 35. A fine pulling block by senior guard Lew Wilby en-

abled quarterback Paul Plath to complete a pass to Gary Nolan at the 20, who elusively ran to the eight. Bill Fuller gladly took the task of carrying the ball in for the first Raider touchdown. Bill Fuller again scored on a 3 yard plunge and Paul Plath ran the extra points. John Hayden's first of two touchdowns came on an interception and a run back of 75 yards. The Raiders ended the scoring on the second play after the kick off in the 3rd period. as John Hayden streaked 65 yards down the right sideline with some nifty blocking by Larry Prickett. Paul Plath then hit Joe Bacewicz for 2 more points.

Enfield's Green Wave received a real testing by a building Spartan eleven. Mark Keller broke the ice with what is felt to be a record 38 yard field goal. Junior John Censki tallied later in the first period on a 26 yard run. Larry Prickett and George Clason, senior linemen, proved vital in springing back through the middle. John Hayden got into the action with a fine 26 yard dive off tackle. Quarterback Paul Plath then hit reliable end Gary Nolan for extras. The Raiders continued their winning ways in the second half as Paul Plath rolled right behind guard Lew Wilby and nailed John Hayden in the end zone. Mark Keller booted the point after touchdown. Early in the 4th quarter, signal caller Paul Plath strolled along the left sideline behind the tremendous downfield blocking of Mark Handley, Jim Lyver, and John Censki.

Enfield High's highly powered offensive machine, triggered by the elusive running of halfback John Hayden, scored on every series of downs in the first half. Captain Hayden scored 3 T.D.'s on runs of 24, 26, and 8 yards. Running mates junior John Censki and senior Jim Toohey got into the scoring column with runs of 35 yards and 15 yards respectively. Senior right end Gary Nolan joined the cast of scoring backs with a reaching, one hand stab at a Plath pass. Junior reserve Joe Zaccaro darted brilliantly to skirt around end on a 28 yard jaunt. At the end of the day John Hayden had amassed 22 points. Shawn Ferguson again came through with a fine defensive performance including a fumble recovery.

Enfield and South Hadley came into this contest sporting 4 and 0 records. It was definitely the deciding game for the championship. The Raiders were unable to spring star halfback John Hayden into the open. It was frustration piled on top of frustrations with scoring opportunities plucked away on 2 interceptions of Plath's passes and a fumble punt. South Hadley's 10 points and stalwart defensive were too much to overcome. In this one it seemed that the Raider's just weren't meant to win. A strong performance from defensive back Jim Cowhey kept South Hadley runners from making large gains.

Enfield met its arch-rival Ludlow at home in the last encounter of the year. The Lions held the Raiders scoreless in the first quarter and were still very much in the game at intermission trailing 8-0. The first score came on Paul Plath's aerial to Joe Bacewicz good for 40 yards. Minutes into the second quarter, Hayden scampered to tally the extra two. Hayden again broke loose with two long jaunts of 32 and 49 yards to finish with 14 points for the afternoon. The usual strong performance by Enfield's "Monster Man" Frank Scalia and junior defensive end Bob Bacewicz succeeded in dumping Ludlow quarterback and creating mayhem in the backfield.

accurately passing,

The Enfield High Raiders pulled one of the many upsets of the Valley Wheel season by beating the Lancers 65-51, in the first meeting of the year. The remainder of the season was not as successful. The proud Raiders provided the fans with a multitude of thrilling games, that were undecided until the closing minutes. For example, Enfield High's first win came at the expense of South Hadley, 65-64; a loss to Agawam with a score of 55-53; and finally, the hair raising loss to Longmeadow in the rematch with a score of 39-34.

The Raiders closed out the season with a 7-11 record. This was due, in part, to the fact that the Raiders played one of the toughest schedules ever devised for Enfield and also because of the lack of experience. On the team were juniors: Ken Kalva, Bob Bacewicz, Joe Bacewicz, Kevin Purdy and Chet Wasileski. The graduating seniors, who provided the team with the little experience it had, and the fans with many a tense moment, were: Bob Flagg, Chuck Lauria, Paul Plath and captain, Mark Hines.

in the rink . . .

The Enfield High hockey team finished with a 3-8-0 record. The success of the team is hard to measure in terms of wins and losses, as the season was not quite as disappointing as its marks indicate. The members of the team feel that they had a very successful year, although their progress was hampered by their not having their own rink.

Coach Dave Keaney did a fine job with the Raiders this season, as the team fought well through most of their games. Coach Keaney expects the future to be much brighter now that a sturdy hockey team has been established at the Kosciuszko Junior High School. Departing seniors include: Ed Provost, Larry Prickett, Dave White, Joe Racine, Ed Rapacki, and Bob Hewins.

Returning to play for Enfield for the third year were co-captains Linda Segler and Sue Thayer, and also senior Karen Stratton. Second year veterans included Sandy Stanko and Marcia Jarosz. The majority of the players were new to the team. They included juniors: Jean Casey, Beverly Howe, Sue Mangerian and Sue Richer; sophomores: Cheryl Falkowski, Gail Grandon, Carol Labutis, Charlene Lauria, Denise Rossi, and Nancy Stratton.
